RELIEF FROM CANCER

ESTABLISHED IN 2017

MISSION STATEMENT

We understand how difficult it is for cancer patients and their families to go through treatment & pain management, pay medical expenses, and make end of life decisions. We want to help cancer patients and their families along the difficult path to remission & survival.

RELIEF FROM CANCER

OUR GOALS

1

Provide direct financial support to cancer patients for:

- Diagnosis & Treatment
- Chemotherapy & treatment
- Expert second opinions
- Psychological services
- Nutrition
- Residential & transportation needs
- Palliative Care

2

Assist in Advocacy:

- Provide consultation, event management, and direct funding to partner nonprofits for advocating towards patients' rights to quality medical and palliative care.
- Increase government funding to assist cancer patients.

3

Increase Awareness & Education:

- Cancer self-diagnosis and screening
- Cancer prevention
- Facts about different cancers & new treatment options
- Increasing registrations in the bone marrow registry
- Training doctors and nurses to administer palliative care

4

Fund Research

- Provide funding to organizations that are researching chemotherapy with fewer side effects and pain.

OUR IMPACT FROM 2018 TO 2025

- Provided full medical assistance from diagnosis to survival to **719** underprivileged pediatric cancer patients in South Gujarat region till date.
- Improved survival rate of pediatric cancer patients in South Gujarat region from **40% to 75%**
